    Gravemind's Childhood

Gravemind's Childhood.

The Original Gravemindâ€¦ A being whose age can quite possibly be
marked at the beginning of time, even before Adam was born. As old as
it was, it could not help but remember its days as a human child. Of
course, it was not really a child at this time in its memory, just a
corpse it had assimilated. The Flood Hive mind of Installation 05
tapped into the depths of its cold dark memories. Although it had
only the necessary emotions to live, it was overall a cold, detached,
deity-like figure. He remembered a very traumatizing sceneâ€¦

_Its child's form's father screamed at him, "You and that bitch of a
mother are worthless! Absolute wastes of earth! Get out of my damn
house!" Lawrence (the Gravemind's child form's name) was horrified at
his "father's" outburst. Collyna, his loving" mother" came out and
said, "Lawrence, honey, go outside please." "Yes, Momâ€¦" Outside, he
heard John's (child form's "father") voice. "Next time, I am going to
kill that boyâ€¦" "You will do no such thing!" Collyna screamed,
horrified that he would say that." "Yeah? Who's gonna stop me!?" "I
will." "Alright then!" John picked up a large butcher knife and
started running for the front door. "Your ass is mine now, boy!"
Suddenly a piercing scream of pain and agony was heard."COLLYNA!"
"J-o-o-ohh-hh-n." "Mom? Mom? MOOOOOOM?!" Lawrence sprinted back
inside, and nearly exploded with anger. Lawrence A.K.A The Gravemind
could feel his/its blood running hot and cold simultaneously.

"Lawrence-I-I." The Gravemind's body began to change, his body changing into a taller, more muscular figure." I HAVE ENDURED MORE TORMENT THAN ANY OTHER BEING! ARRRRRRRRRRRRRRGGGGGGGGHHHHHH H!" The Gravemind roared so loud the entire universe heard his sorrow, and billions broke into tears and sobs, grieving over him. "Time has taught me patience. But, basking in new freedomâ€¦ I SHALL KNOW ALL THAT I POSSESS!"_

"Lawrence? What the fuck happened to you?"

"SILENCE, PATHETIC CREATURE! WAIT, YOU ARE JOHN, YOU CAUSED THIS! SUFFER LIKE MYSELF!"

Gravemind planted a tentacle in John's mind, and ripped his memories and soul from his existence. "HA-HA-HA-HA-HA-HA-HA-HA-HA-HA! The gate has been unlatched, headstones pushed asideâ€¦ Corpses Shift and offer roomâ€¦ A fateâ€¦ALLâ€¦MUST...ABIIIIIIDEâ€¦AAAAAAAAAARGH!

The last words John and his "son" exchanged were these.

"You MONSTER! WHAT THE FUCK ARE YOU?!"

"I? I am a monument to all humanity's sins. I am the Mind of the Dead. HA-HA-HA-HA-HA!"

Gravemind's terrifying laughter was the last thing he heard before being assimilated.
